

WORK
IN
AS
PROJECT MANAGER

JACKSON MALLY

AGE 30
COUNTRY USA

Background Description

He is responsible to manage the entire population information project, including budgeting, planning, and coordinating with teams. He needs to have a high-level view of the project and require tools to monitor progress and track milestones

GOALS

His ambition is to ensure that the project is completed on time, within budget, and also meet the required quality standards

FRUSTRATIONS

Jackson feels irritated if work is messed or not be done according to standards.
